DAY CARE FIELD TRIP

We are so fortunate that our daycare is able to utilize the Solarbron facility in several ways that helps our community.

Mr. Gordon Benfield, recreation coordinator at Solarbron, is incorporating the Eden alternative. This enriches the residents' lives through children, pets, and outside activities. Various activities are offered for the senior residents. Our hopes are that our students will enrich these activities.

On the second Tuesday of each month we sent a grade level and their leader to participate. Solarbron provides our children transportation by bus, which is equipped with seat belts for all (approved by EVSC). They depart West Terrace at 2:40 p.m. and return at 4:00 p.m.

Our students are so excited about these trips. They start preparing three weeks before going by making crafts to distribute and sometimes preparing songs to sing to the senior residents.

While visiting Solarbron they may assist with crafts, go for walks and perform skits, dance or just talk with a resident. Sometimes just a hug is sufficient. It's very rewarding to see the smiles on everyone's faces and the excitement of our kids. They talk about their experience for days and that certainly warms all our hearts.
